

# Caddy Wardrobe Design: Gino Carollo

Collezione di moduli dedicati alla cabina armadio, da integrare al sistema di pannelli Caddy tradizionale. Cassettiere sospese o in appoggio, scaffalature, ripiani con porta abiti e pedana, ne ampliano le possibilità di impiego, anche oltre i confini della cabina armadio. Ripiani con sistema di illuminazione LED integrato.

Collection of modules dedicated to the walk-in wardrobe, to be integrated with the traditional Caddy panel system. Suspended or free-standing drawer units, shelving, shelves with garment racks and platforms, extend its application areas, even beyond the boundaries of the walk-in wardrobe. Shelves with integrated LED lighting system.

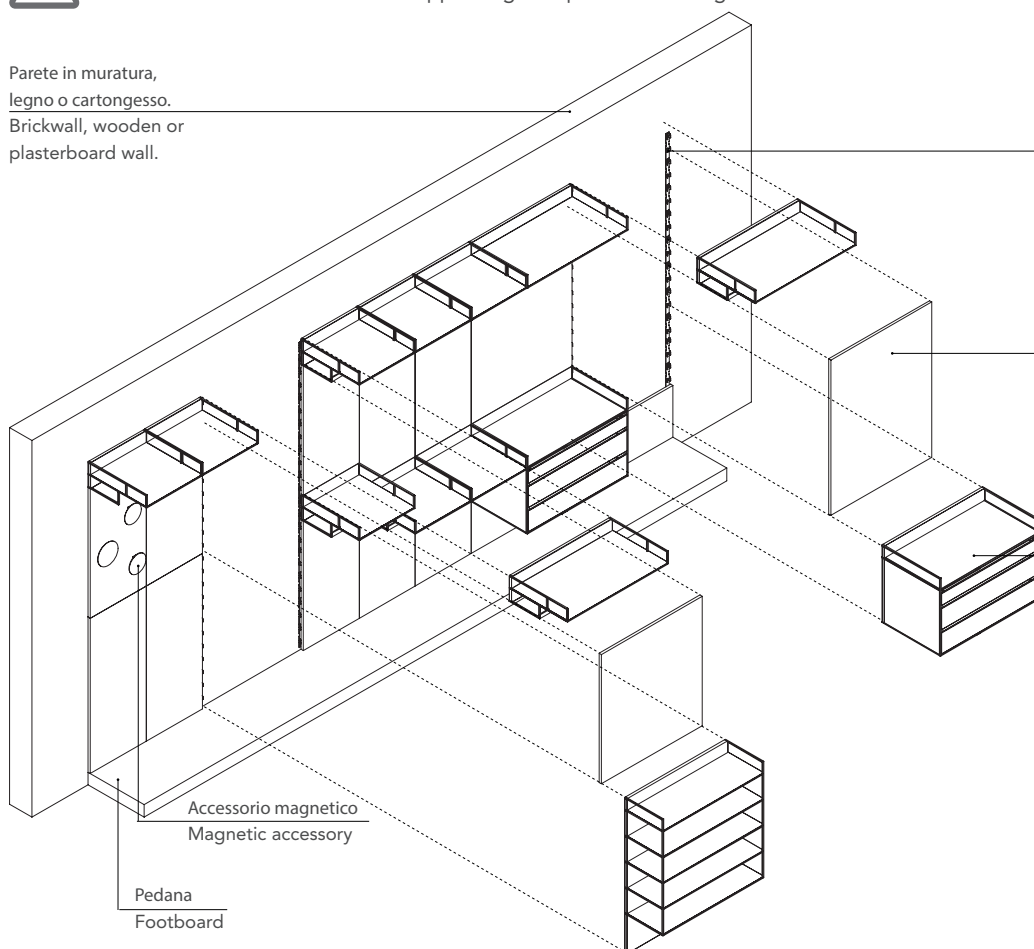

distanza min. 2 cm dal bordo per montaggio pannelli  
2 cm minimum distance from the upper edge for panels mounting
